

Building Code

Chapter 1501 Administration

1501.99 GENERAL CODE PENALTY.

(a) Whoever violates any of the provisions of this Building Code, or any rule or regulation promulgated hereunder, or fails to comply herewith or with any written notice or written order issued hereunder, or interferes with, obstructs or hinders any person authorized to inspect by virtue of Section 1501.07 of this Building Code while such person is lawfully making an inspection, is guilty of a misdemeanor of the fourth degree for the first offense and shall receive a mandatory fine of two hundred fifty dollars (\$250.00) and may be imprisoned not more than thirty days, or both. For each subsequent offense within six months after the date of the citation for the first offense, such person is guilty of a misdemeanor of the third degree and shall receive a mandatory fine of five hundred dollars (\$500.00) and may be imprisoned not more than sixty days, or both. A separate offense shall be deemed committed each day during or on which a violation or noncompliance occurs or continues.

(b) In addition to the penalty provided in subsection (a) hereof, any contractor who violates or fails to comply with any of the provisions of this Building Code may have his certificate of registration revoked for a period not exceeding one year.

(Ord. 282-94. Passed 11-21-94.)

Proposed Amendment:

(a) Whoever violates any of the provisions of this section is guilty of a misdemeanor of the first degree. A separate offense shall be deemed committed during each day during or on which a violation occurs or continues.

Chapter 1507 Grading, Excavations, and Foundations

1507.17 LANDSCAPING AND LAWN SERVICES.

(a) As used in this section "landscaping" includes the planning and the planting of trees, shrubs, flowers, bulbs and other plants for the purpose of beautifying the premises; "lawn services" includes the grading, application of fertilizers and top soil, installation of lawn sod, and the seeding of lawns. (Ord. 98-69. Passed 12-1-69.)

(b) No person shall contract, either orally or in writing, for the planning, planting, sale and/or installation of trees, shrubs, flowers, bulbs, lawns, grasses, ground covers and the like, in the City, without first obtaining a license.

(c) (1) The application for the license shall contain the name, address and principal place of business or office of the applicant, together with a statement as to the length of time in business and general experience or knowledge of the applicant.

(2) The license shall be in force for a period of one year, and the fee shall be fifty dollars (\$50.00). Refer to Section 185.04(e)(1) of the general fee schedule.

(3) Each applicant shall provide an approved surety bond in the principal sum of three thousand dollars (\$3,000), in favor of the City, for the benefit of any person or persons damaged by the dishonest, incompetent or fraudulent acts of the applicant. Such bond shall be maintained in full force in the principal amount at all times and shall provide that it shall not be cancelled or revoked until ten days after written notice of intention to cancel or revoke has been given to the Building Commissioner. (Ord. 69-92. Passed 4-20-92.)

(d) (1) The Building Commissioner shall handle all matters regarding landscaping and lawn services and installations and shall be responsible for the maintenance and adherence by such landscaper to the grading or topographical plan for such lot to be improved by landscaping. Such landscaper shall be required hereunder to maintain the grade for any lot so improved by landscaping and be required to install such landscaping so as not to interfere, obstruct or permit the diversion of any surface waters with respect to such lot to the detriment of any abutting or adjoining property owners' lands. In the event such landscaping does divert or obstruct surface waters or interfere with the grading or topographical plan for such lot, such landscaper, upon receipt of written notice from the Building Commissioner, shall immediately commence to make the necessary repairs or corrections in accordance with instructions from the Building Commissioner. Upon failure to so repair or correct such conditions his bond shall be forfeited forthwith.

(2) Upon a finding by the Building Commissioner that any landscaping or lawn services have not been installed according to contract and accepted nursery practices in this region and the provisions set forth in subsection (a) hereof, the Building Commissioner may revoke the license theretofore issued hereunder until the installation has been corrected in accordance with the orders of such Building Commissioner.

(3) Any license holder whose license has been so revoked may appeal such decision to the Board of Zoning Appeals.

(Ord. 98-69. Passed 12-1-69; Ord. 62-01. Passed 4-30-01.)

Proposed Amendment:

1507.17 LANDSCAPING AND LAWN SERVICES.

Chapter 1529 General Building Violations

1529.23 FENCES, HEDGES AND TRELLISES. (REPEALED)

(EDITOR'S NOTE: Section 1529.23 was repealed by Ordinance 389-94, passed May 6, 1996. See Section 1707.31 of these Codified Ordinances.)

Proposed Amendment:

1529.23 FENCES, HEDGES AND TRELLISES.

(a) No fence, hedge, trellis, retaining wall, or other device used to mark or establish boundary lines around property, or within the property line, exceeding six feet in height, shall be erected, altered reconstructed or relocated on any lawn adjacent to any boundary line of any lot or parcel of land, or any part thereof, in the City. Permitted fences in all residence districts shall include the following types:

picket, ranch (including split- rail and western-rail), basketweave, stockade, board-on-board and chain link, which may include metal, plastic, vinyl or fiberglass inserts. Masonry walls of brick, random stone or ashlar, coursed stone or ashlar, or decorative block, are permitted, subject to the approval of the City Planning Commission. Prohibited fences include wire mesh fences which have openings between the wires of larger than three inches, barbed wire and individual strand-type wire fences.

Fences shall be permitted only in rear yards, as defined in Section 1505.25(b). In no case shall fences extend any further towards the street than five feet past the side door or the steps to the side door of the residential structure. If no side door exists, then the fence shall be no further towards the street than the rear of the residential structure.

No fence shall be permitted to be installed directly along another fence on the same property line of an abutting property owner.

(b) Before any hedge, trellis, retaining wall or other device used to mark or establish boundary lines, or within the property line, is erected, the owner of the land shall first secure a permit for the same from the Building Commissioner. The fee therefor is set forth in Chapter 185 of these Codified Ordinances (the General Fee Schedule). No permit for any such device, other than those which replace existing permitted devices, shall be issued until one of the following occurs:

(1) Submission to the Building Commissioner of proof that notice has been given to all affected property owners, by proof of signed waiver of the permit application; or

(2) Submission to the Building Commissioner of verification by a registered professional surveyor establishing the applicant's property lines. Such survey shall be current (within the last three years).

(c) The height of any fence shall be the distance vertically from the surface of the ground to the top of the fence.

(d) Erection of a fence on a corner lot shall not start any closer to the street than the setback of the house and not less than one foot off the sidewalk on the side of existing property.

(e) No fence shall be erected from the sidewalk line of any property to the front projection of the building thereof, otherwise defined as the building setback line. Nothing contained in this section shall apply to shrubbery for decorative purposes, which in no event shall be permitted to grow above three feet in height when more than fifteen feet from the intersection of a driveway with the public sidewalk, or eighteen inches in height when less than fifteen feet from the intersection of a driveway with the public sidewalk. Any trees within a side yard shall have the

branches trimmed so as to provide a minimum distance of five feet from the ground to the lowest branches when such branches are located within fifteen feet of the intersection of a driveway with the public sidewalk.

(f) The supporting posts of fences, hedges, trellises, retaining walls or other devices used to mark or establish boundary lines around property, or within the property line, where posts are necessary, shall be erected on the side of the property being fenced. In other words, posts shall be erected on the inside of the fence, hedge, trellis, etc., and not on the outside thereof.

(g) This section shall apply to public facility, retail office, commercial and industrial lots, except for subsection (c) hereof. For such lots, fences in excess of six feet in height may be approved by the Planning Commission in order to more adequately screen such lots from the view of adjacent residential property.

(d) No person shall install, erect, place, maintain or permit, or cause the installation, erection, placement or maintenance of, any stake, stick, pole, stone, rock or other dangerous or hazardous object to mark, designate or establish any property line. Any object or device which, once installed, erected, placed or maintained to mark, designate or establish a property line, will be a danger to life or limb of those persons reasonably using the area in the vicinity of such object or device, is prohibited.

(e) Snow fences are permitted to be installed not earlier than November 1 and must be removed on or before April 1 of the following year. The maximum permitted height shall be four feet, and snow fences shall not be placed closer than four feet to any front, side or rear property line.

**1529.38 SPECIFICATIONS FOR ALL-ELECTRICAL DWELLINGS.
(REPEALED)**

(EDITOR'S NOTE: Section 1529.38 was repealed by Ordinance 60-85, passed March 18, 1985.)

Proposed Amendment:

1529.38 FENCES TO PROTECT SWIMMING POOLS; DRAINING.

(a) The owner of any property containing less than one-half acre, upon which there is located a swimming pool, fish pond or other similar structure containing water over eighteen inches in depth in any portion thereof, shall install such swimming pool, fish pond or other structure in accordance with the following distances from the property lines of the lot on which it is located:

- (1) On lots with a forty-foot frontage, not less than three feet;**
- (2) On lots with a fifty-foot frontage, not less than five feet; and**
- (3) On lots with a sixty-foot or more frontage, not less than ten feet.**

The owner shall protect such swimming pool, fish pond or other similar structure by completely surrounding it with either shrubbery of sufficient density to prevent ingress and egress, or a fence approved by the Building Commissioner, at least three and one-half feet high. Any gate entrance to a required fence shall be kept locked with a suitable lock at all times when the pool, pond or other similar structure is not protected by the presence of a responsible adult person. Swimming pools aboveground which involve the use of a ladder are required to have such ladder removed or placed in such a position as to be inaccessible to a child during times when such pool is not in use or is not under supervision.

(b) Whenever the wall of any aboveground swimming pool is three and one-half feet or more above the ground level, the fencing requirements set forth in subsection (a) hereof shall not apply.

(c) The pool, fish pond or other structure defined in this section shall be connected to and serviced by a drain located six inches or more below the top edge of such structure and such drain shall be connected to the storm sewer system.

(d) Nothing contained herein shall apply to pools placed aboveground without ladders, which meet all of the following criteria:

- (1) They are designed to be manually erected aboveground.**
- (2) They do not exceed six feet in diameter nor one foot in depth.**
- (3) They are designed to permit erection and dismantling on a seasonal basis.**

However, no such pool shall be installed, erected or maintained within three feet of any rear lot line or side lot line without the written consent thereto of all real property owners within a radius of ten feet of any portion of such pool.

(e) The owner of any swimming pool, above-ground or in-ground, shall drain the water therein to the nearest sewer line.

A complaint for a violation of this subsection shall be referred, for investigation, to the Building Commissioner, who may issue a written reprimand and warning to the violator.

All portable pools shall, when not in use, be drained or covered by any material which will be securely fastened in such a manner as to prevent access to the water in said pool. "Not in use" means any absence of a responsible adult from the immediate vicinity of the pool for any period of time.

(f) In specific cases, the Board of Housing Appeals may vary the application of this section in order that the public health, safety, convenience, comfort and general welfare may be safeguarded and substantial justice done for the reasons set forth in Section 351.14(c)(1) to (3), pursuant to Section 1705.08(e).

(g) Whoever violates any of the provisions of this section is guilty of a misdemeanor of the first degree. A separate offense shall be deemed committed each day during or on which a violation occurs or continues.

1529.99 PENALTY.

(EDITOR'S NOTE: See Section 1501.99 for general Code penalty if no specific penalty is provided.)
